Theres Scheucher

UX ARCHITECT

theressophie@gmail.com

🚩 Working Goal

- Develop design iterations that generate value for humans so that I can **be proud of my work** in the end
- Work in **diverse teams** to create solutions in a **human centric** way

💎 Personal Motivation & Values

- **Be passionate:** work on topics you are obsessed with
- **Be curious:** ask quesions and listen
- **Be ambitious:** make demands on what you do
- **Be yourself:** do not try to find excuses for conscious decisions you made

♥ Hobbies & Interests

- Healthy lifestyle, sports & nutrition
- Feminism, diversity & equality
- Sustainability & minimalism

💼 Experience

Sep 2020 – Present: Design Team Lead, UX Architect
Sclable Business Solutions GmbH - Vienna

- Ensure an **inspiring environment**, open communication culture
- Encourage **creative solutions** and **risk-taking**
- Co-develop **personal development path** with each team member and provide conditions that make its accomplishment possible
- Organise and plan **team capacities**
- Assure that team members **work on topics that they are passionate about**

May 2016– Sep 2020: UX Architect
Sclable Business Solutions GmbH - Vienna

- **Lead software projects** from idea through prototyping to pilots or market launch together with our customers, in a **user-centric** and agile way
- Get to know the actual **users**, specify the **domain** and **context of use**
- Isolate the **problems** a user is facing and specify **requirements**
- Develop and **visualise design solutions** for applications and products to meet user needs and requirements
- **Test and discuss different solutions** to solve a given problem in order to fulfil user and customer requirements
- **Evaluate** design iterations against user requirements

Sep 2014 – May 2016: Customer Relationship Manager, Product Expert
strg.at GmbH - Vienna

- Prepare and conduct customer education workshops
- First point of contact of technical customer support

Feb 2014 – May 2014: Internship in Software Development
strg.at GmbH - Vienna

- Support **backend development team**
